

## The Mysterious Castle in the Sky (空中魔城) (12)

- 1) In a room in the depths of the Mysterious Castle in the Sky, Grand Eye ponders a new scheme. "Garr was defeated by Gamma, and has come crawling back. We are going to make him bigger!"  
"Yes!" respond the henchmen in unison.
- 2) One of the henchmen leaves the lair. ZOOM! "GARRR, GARRR," goes Garr, as he comes flying back to the castle.
- 3) "Hey, despite being so big, you're quite the weakling. Grand Eye is most upset with you! Well, follow me," chides the henchman. "GARRR, GARRR, GA-," grumbles Garr.
- 4) We're going to make your body much bigger. Ah, yes, we will be using the ray gun to cause an instantaneous transformation. It might be a little painful, but hang it there," says the hooded henchman. "GARRR, GARRR!" goes Garr.
- 5) Soon the monster's body is bound with thick wire. "Well, this is it! All of you, stand clear" instructs the head henchman. A strong current is passed through the wire...
- 6) BUDDA-BUDDA-BRACK! GARRR! Sparks fly, smoke billows. The monster's body grows rapidly inside the fiery cloud.
- 7) "This is perfect. His growth is spectacular. Like this, he will certainly not be vanquished by Gamma. Go and seek him out!" commands Grand Eye.  
"GARRR!" bellows Garr.
- 8) The monster departs the Mysterious Castle in the Sky for a second time.  
"GARRR, GA-, DEGARRR, DEGARRR, DE-GARRR," bellows the monster...

- 9) ... just then a single jet plane appears in the path of Garr. It is heading for the monster at full thrust. The pilot is Gamma.
- 10) “Ah, what’s that! The monster that Tarō recently tossed off the cliff seems unusually huge. Well, time to take on the monster,” says Gamma with great conviction.

And sure enough...
